1137 MITCHELL ROAD• AURORA, ILLINOIS 60505

used Trennjaeger Longitudinal Circular Cold Saw

Model PMC 8/36-48

Designed for longitudinal and cross cutting of steel sections, plates and bar grating in straight and miter cuts.
Machine capacities are: 8x 24” or 4½ x 36” or 48” (height x width).

- Machine stand of solid steel construction.
- Planed machine table of high tensile strength steel.
- Cutting head unit adjustable dovetail guides.
- Gear box with large helical hardened gears.
- For segmental circular cold saw blade of 560mm (22”) and 660mm (26”) diameter.
- Fixture for chip remover.
- Adjustable blade stabilizer.
- Centralized lubrication system for guide tracks of cutting head carriage.
- Two speed drive motor 3.3/4.0 HP, 1500/3000 RPM, with Vee belt step pulley for 6 saw blade periphery speeds 48/96, 60/120, 75/150 ft/min.
- Thermo-magnetic motor protection switch.
- Complete hydraulic equipment. Hydraulic motor, 1.5 HP, 1500 RPM, pump, pressure gauge and thermo-magnetic motor protection switch.
- Complete coolant system with 0.22 HP motor and pump.
- Manual control valves for saw feed and vertical and horizontal clamping.
- Two vertical clamping cylinders with 12” stroke, adjustable longitudinally and one horizontal clamping cylinder with 1½” stroke adjustable laterally.
- All hydraulic and electrical installations are easily accessible.
- Built-in tool and electrical cabinets.
- Machine finish - gray.
- Operation voltage: 440 Volts, 60 cycle.

Delivery: from stock, subject to prior sale
Terms: cash before removal

PRICE: F.O.B. Aurora, IL **36” $18,500.00 Extended 48” $21,500.00**
